**2005 RE-RELEASE, with a NEW NUMBER ! ONLY 100 CARS, AVAILABLE APRIL, 2006 !**

From about 1918 until the mid-50's, the Bellows Falls Co-Operative Creamery shipped bottled milk to Boston from Vermont. These colorful refrigerator cars were owned by the Mystic Terminal Company, a subsidiary of the B&M RR. BFCC continued to ship bottled milk, received from 215 member-farmers, long after most other milk plants had switched to bulk-tank shipments. Under the brand-name of "Brookside Milk" these products were sold in the chain of John T. Connor & Co. grocery stores, which later became First National Stores, Inc. In 1965, BFCC closed after losing its contract with Finast Supermarkets. This colorful reefer has tuscan sides, black roof and ends, with yellow, white, and black lettering. The **BROOKSIDE MILK wood reefer** was our first exclusive release through S-Helper Service, back in 2001. It proved to be an extremely popular car, and sold out quickly. At that time, we produced 300 cars in a single number (1833). For 2005, we have arranged to produce another run of this car, but with a **new car number**. Only 100 cars will be available with this new number, and it will be supplied with both highrail and scale wheelsets, and Flyer-compatible couplers. The cost is \$45.00 per car, plus shipping. Order today by mail, phone, Fax, or e-mail. Massachusetts residents, please add \$2.25 sales tax, per car. Shipping is \$6 for the first car, and \$2 for each additional car ordered.
